SKILLS

- Programming Languages:
 - Python Intermediate
 - Java Intermediate
 - Kotlin Intermediate
 - C/C#/C++ Beginner
 - JavaScript Beginner
 - HTML & CSS Beginner
- Frameworks/Tools:
 - TensorFlow Intermediate
 - SQL Intermediate
- English Language:
 - Spoken Fluent
 - Written Fluent

Marcel Gutu

Marcel Gutu is a highly motivated AI graduate from Oxford Brookes University with a strong foundation in machine learning, software development, and data analysis. He has developed multiple projects, including an AI-powered Weight Loss Assistant app and a Gym Tracker, showcasing his ability to apply technology to real-world challenges. Proficient in Python, Java, C++, C#, and R, Marcel thrives on solving complex problems and continuously expanding his expertise. Eager to make a meaningful impact in the tech world, he is driven by innovation and a passion for AI-driven solutions.

EXPERIENCE

November 2023 - February 2025

Sommelier

Hakkasan Hamway Place

- During my time as a sommelier, I honed my strong communication and customer service skills, working closely with clients to recommend tailored wine pairings and enhance their dining experience.
- This role also developed my attention to detail, problem-solving abilities, and capacity to work under pressure in fast-paced environments.

EDUCATION

August 2023

Bachelor of Science (B.S.) in Artificial Intelligence

Oxford Brookes University

INTERESTS

Martial Arts

3D Modelling

Competitive Programming (solving katas on Codewars)

Software Engineering & Algorithm Optimisation
