SKILLS

- **Programming Languages:**
  - Python — Intermediate
  - Java — Intermediate
  - Kotlin — Intermediate
  - C/C#/C++ — Beginner
  - JavaScript — Beginner
  - HTML & CSS — Beginner

- **Frameworks/Tools:**
  - TensorFlow — Intermediate
  - SQL — Intermediate

- **English Language:**
  - Spoken — Fluent
  - Writen — Fluent

Marcel Gutu is a highly motivated AI graduate from Oxford Brookes University with a strong foundation in machine learning, software development, and data analysis.
He has developed multiple projects, including an AI-powered Weight Loss Assistant app and a Gym Tracker, showcasing his ability to apply technology to real-world challenges. Eager to make a meaningful impact in the tech world, he is driven by innovation and a passion for AI-driven solutions.

EXPERIENCE

Summer 2024

Software Development Intern
Microsoft, Milan, Italy

Developed and optimized features for cloud-based applications using Python and Azure, collaborating with a cross-functional team to enhance system performance. Wrote clean, efficient code and implemented automated tests to ensure high-quality deliverables within an agile Scrum framework. Participated in mentorship sessions and technical workshops, gaining proficiency in Visual Studio and RESTful services while contributing to innovative solutions for enterprise clients.

EDUCATION

August 2023

Bachelor of Science (B.S.) in Artificial Intelligence
Oxford Brookes University

INTERESTS

Competitive Programming (solving katas on Codewars)

Software Engineering & Algorithm Optimisation

Martial Arts

3D Modelling
